

How to Arrive KMUTT?

Not over than 1 hour from Suvarnabhumi International Airport, you will reach to KMUTT which is located in 'Thonburi', the name of former capital of Thailand. Half a century ago, this area is full with orange orchard around and rather remote and underdeveloped. However, as KMUTT yearly enrollments increased rapidly, the area soon became a new satellite city with ever-increasing shop-houses, apartment buildings, restaurants, cinema houses, department stores, and places of entertainment, but the cost of living is still very affordable. Our campus dormitory can be occupied about 1,800 students and costs 6,000 - 20,000 THB per semester. Meanwhile, students can choose to stay off campus from numerous apartments of all quality levels at low cost. In addition, just 45 minutes, you can entertain at downtown of Bangkok: Sathorn, Silom, Siam, Sukhumvit by many types of comfortable transportation.

International Programs

Unique Aspects: Science and Technology

Established in 1960, KMUTT is deeply committed to providing with the best experience of strong academic programs. Depending on growing the international dimension of our education mission, we offer a variety of academic programs to help foster global competency. The flexibility and diversity of programs allow students to find the program that uniquely fits their needs. The program is designed by our professional management team and guided by experienced educators with high quality academics. Our strengths on Engineering, Architecture, Bioresources, Energy, Science, Technology, Environment, and Linguistics cover a wide range of academic fields as follows:

Bachelor's Degree Programs

PROGRAMS	FACULTY	ACADEMIC ENTRY REQUIREMENTS	DEGREE GRANTED	DURATION (YEARS)	CREDITS	TUITION FEE (THAI CURRENCY)	WEBSITE

In order to design morally correct and proficient graduates, we educate students not only to have profoundly academic background but also to integrate of additionally learning by extra-activities such as orientation for international students, cultural tour, New Year party, cultural exchange activities, social works, many more ...

Why choose KMUTT?

Excellence in Research and Academic Performance

We have been ranked in the top of academic performances and designated to be one of the Nine National Research Universities with world-class capabilities by the Ministry of Education, Thailand. KMUTT is ranked first among Thai Universities for Engineering and Technology by THE.

Global Partnerships

We have a very strong partnership with renowned universities around the globe. Consecutively, many joint research programs, exchange programs and others with international standard have been active for many years.

High Standard Facilities and Services

KMUTT aims to maintain and enhance its high quality learning, living and working environment for all students. All facilities are regularly upgraded to achieve high-quality standards that allow students to successfully conduct their research and to facilitate their learning experience on campus. Students will have full access to the university's facilities. Some of these include the computer center, wireless network, newly-renovated state-of-the-art library, health service and sports complex (gymnasium, basketball court, football field, table tennis court, tennis court, etc.).

Transportation

As a medium-size campus, it is very convenient for our students to walk from one building to another. However, we do provide a free bus service to and from our Bangkhunthien Campus, which houses the School of Architecture and Design and the School of Bioresources and Technology. Travelling around Bangkok is easy with many means of transportation to choose from: buses, vans, taxis, motorcycles, tuk-tuks (the famous three-wheelers), taxi boats, BTS Sky Train, or MRT Metro.

The cost for public transportation varies depending on your destination and the type of transportation you choose to use. In addition, KMUTT's main campus is only 1 hour from the Suvarnabhumi International Airport.

Accommodation

On-campus accommodation is available for students who make a request. Students can choose to stay in a two/ three or four people shared room. The cost of the room depends on your preference (fan or air-conditioned). However, you can choose to live off-campus. The cost of living allows for a good-quality affordable apartment although the cost may be slightly higher than living on campus. The cost ranges from 2,500-10,000 THB per month depending on housing conditions and locations.

Food

On-campus cafeterias and canteens offer food at a reasonable price. The price ranges from 30 THB to 50 THB per meal. Convenient stores are located around campus making it possible for students to grab a bite before going to class.

Strive for
Practical
Excellence

Application

Prospective students interested in applying for KMUTT programs can apply online after they choose the type of program they are hoping to study. The following steps will show you what you need to know as well as what happens at each step along the way.

Bachelor's Degree

An online application is available throughout the year via <http://iadmission.kmutt.ac.th>

Master's Degree & Doctoral Degree

An online application is available throughout the year via <http://iadmission.kmutt.ac.th>. To study in the 1st semester, please apply before June. For those of the 2nd semester, please apply before October.

For more information,
please contact
the Admissions and
Recruitment Office

- (66) 2470-8333
- (66) 2470-8367
- admission@kmutt.ac.th
- <http://iadmission.kmutt.ac.th>

International

Particularly for international students who stay outside Thailand can not go ahead with the online application yet. We ask you to submit a completed application form and other required documents to the Admissions and Recruitment Office via admission@kmutt.ac.th not less than two months before the semester begins. This will allow our faculty members to fully review your application and for our staff to process all your paperwork. In addition, getting details sorted out early will be beneficial to you as you will not have to rush to obtain your student visa and this will allow you to book a plane ticket ahead of time.

- Deadline for 1st semester: June
- Deadline for 2nd semester: October

- The deadline can be subject to change

Master's Degree Programs

PROGRAMS	FACULTY	ACADEMIC ENTRY REQUIREMENTS	DEGREE GRANTED	DURATION (YEARS)	CREDITS	TUITION FEE (THAI CURRENCY)	WEBSITE
NANOSCIENCE AND NANOTECHNOLOGY	FSCI	Bachelor's Degree in the related fields	M.Sc.	2	36	128,800	http://science.kmutt.ac.th
SCIENCE EDUCATION	FSCI	Bachelor's Degree in Engineering, Science Physics, Chemistry, Biology, Mathematics or equivalence	M.Sc.	2	47	148,600	http://science.kmutt.ac.th

Remarks: 1. Plan A focuses on research and requires a thesis. Plan A is divided into two options.

- 1.1 Plan A (1) is a thesis only program totaling not less than 36 credits. Additional non-credit subjects or academic activities may be included without credit count, but they have to be accomplished as required by the program.
- 1.2 Plan A (2) consists of a thesis totaling not less than 12 credits, and coursework totaling not less than 12 credits.

- 2. Plan B consists of coursework without doing a thesis; however, an independent study is required. The total independent study credits must not be less than 3 and not more than 6.
